Great Lakes Seaway Trail "Capture the Moment!"

Great Lakes Seaway Trail
Capture the Moment
Photography, Art & Painting
Long afternoon to a week

Great Lakes Seaway Trail is 518 miles of signed connecting roads that skirt the water, through small towns in the countryside, maritime ports and cities. The diversity along with variety of architectural styles, forts, mansions, and structures built from local available materials provides lots of options.

For inspiration several significant art collections are featured here sprinkled in with some ideas; if I were you I would target a few of these sites and let your imagination be your guide.
