

I ♥ NY on the water map and guide

Boating services, dining,
attractions, and lodging.

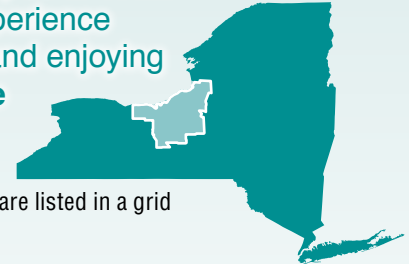

Waterways in the Heart of New York

PHOTO BY K. S. REYNOLDS

This guide brought to you by
Cayuga, Onondaga, Oswego, Seneca and Wayne Counties

how to use this guide

This guide was developed to assist boaters and water experience seekers in exploring and enjoying the **Waterways in the Heart of New York**

Boating Services and Marinas are listed in a grid format by **HUB.**

HUBS are defined as centers of activity—places where water seekers and boaters will find clusters of **services and things to do.**

Accommodations, attractions, campgrounds, dining, parks, wineries, and **visitor information centers** appear as listings, also organized by **HUB** in alphabetical order.

There are so many ways to experience the waterways in the heart of New York, we couldn't list them all!

As a general rule, we listed only accommodations, attractions, campgrounds, dining, parks and wineries that are on the water, have docking available, or are within an easy 1/10 mile stroll from a water experience.

Please consult the **Visitor Information Centers** (?) displayed around the map for more information on accommodations, attractions, campgrounds, dining, parks and wineries.
