

Reel Love

Fishing opportunities abound in the waters of Oswego County, "The Fishing Capital of the Northeast!" This world-class fishery yields record-breaking salmon and trout, walleye, bass, northern pike, perch and panfish. Oswego County holds ten World and State fishing records!

Fish

Enjoy a half-day charter fishing boat trip with our fleet of experts on Great Lake Ontario or Oneida Lake. Alternatively, you can take on the wild beauty of the Salmon River on a drift boat or leisurely fish shoreside at the Oswego River Linear Park.

Each captain or guide oversees five passengers. Catch and release, or arrange for your catch cleaned and shipped on ice to your home.

Eat

Enjoy a box lunch with true waterfront seating – right on the boat or riverside!

More Fish

Later, visit the Salmon River Hatchery in Altmar or the Oneida Lake Fish Culture Station in Constantia. Both are run by the New York State Department of Environmental Conservation which stocks thousands of public streams, rivers and lakes across the state.

View Informative exhibits, including mounted and live fish, and learn about the NYSDEC's Great Lakes Management Program. Depending on the time of year, visitors may observe the egg-taking process, and fish tagging.

Eat again

Drink in the breath-taking sunset while dining shoreside at one of our scenic restaurants.
